

Introducing the IP Office EZ Demo Tool

To Access Avaya EZ Demo:

1. Download the packaged files from **SME Sales View** (*SME Sales View > Demonstrations > IP Office Demonstrations*) and extract to a new folder on your local machine (e.g EZ Demo)
2. Go to the folder/location where you extracted the files.
3. Double click on *curriculum_launcher.exe* file.
4. You will notice that your screen is at full view once you launch the program. To return to a normal view, please hit *Escape*.
5. Select *Users and Software* from the main interface.
6. The top of the screen displays your roles: Power User, Office Worker, Teleworker, and Supervisor. Please note - Mobile Worker, Receptionist, and System Manager are a part of phase II.
7. 3 modes are displayed at the bottom of the screen: Demo, Assist Me, and Show Me. The default mode is Assist Me.
8. Select your desired role.

Play Demo

Assist Me

Show Me

9. The left navigation pane displays the list of topics.
10. Mouse over the topics in the left navigation pane to see what shows are available under each topic.
11. Select the show you want to demonstrate. **NOTE:** The player is designed to automatically advance to the next show in line from your original selection.
12. Repeat the steps as needed.
